There will be a total of 12 spinners during each period unless there is no one available to spin the wheel at a given time. A drawing will occur to determine which customer gets to spin the wheel. The customer whose entry is drawn must be present in order to be eligible to spin the wheel. If a customer is not present when their name is announced, another drawing will take place. The customer that is drawn to spin the wheel will do so and the wheel must make one 360 degree rotation for it to be a valid spin. If it does not make a full rotation the customer will spin again.
